

## TECHNOLOGY / MANAGEMENT CONSULTANT (M/F/OTHER)

Hanselmann & Compagnie ([www.hcie-consulting.de](http://www.hcie-consulting.de)) is a medium-sized consulting firm that has its registered office in Stuttgart, Germany.

We design future-oriented solutions for renowned customers, especially from the automotive manufacturing and supplier industry, the industrial goods sector and mechanical engineering, and we provide assistance in the operational

implementation of these solutions. We focus consistently on enhancing value and we always think and act in an entrepreneurial manner to create sustainable added value.

We are therefore looking for motivated and customer-oriented Technology / Management Consultants (male/female/other) to strengthen our consulting team.

### TASKS THAT YOU WILL BE INVOLVED IN ADVANCING:

- You will complement your project team in day-to-day operations by taking on autonomous work packages in the areas of Strategy & Organization, R&D, Operations, as well as Innovation and Project Management
- You will be involved in the development of innovative and sustainable solutions and business models along the entire value chain
- You will help our customers to identify decisive potential for improvement and to use synergies effectively
- You will conduct precise and methodologically accurate analyses, devise solution concepts and ensure their implementation
- You will attend multidisciplinary work-related meetings and management workshops, providing support both in terms of content and methodology
- Within the scope of the project you will develop into a contact person and an interface within the customer's organisation

### YOUR PROFILE, SO AS TO JOIN WITH US IN MAKING A DIFFERENCE:

- Successfully completed, technically-oriented course of study with a focus on industrial engineering, mechanical engineering or a comparable field
- Basic knowledge of project management, which can also be in the form of internships, thesis work, or similar
- Very good organisational and communication skills, assertiveness
- Confident presentation of own results in front of an audience
- Ability to work in a team, social skills and a systematic and structured approach to working
- Strong service mentality, ability to work on own initiative and high degree of flexibility
- Personal commitment and sense of responsibility
- Very good knowledge of English
- Proficient in MS Office, especially Excel and PowerPoint

### WHAT WE OFFER SO AS TO JOINTLY MAKE A DIFFERENCE WITH YOU:

We are offering you permanent employment with interesting projects and prospects in various industries and businesses.

By providing targeted development measures, we foster opportunities for you to expand your knowledge and skills.

Right from the start, we will place a high degree of trust in you and give you a lot of responsibility and leeway to manage your projects.

You can expect a team with flat hierarchies in which internal interchange between experts is fostered. Check out this link to find out what's in store for you at our company:
