

OUR RANGE OF SERVICES DURING AND AFTER THE CORONA CRISIS

- Presentation of the company/business model/organizational framework conditions
- Analysis of financial conditions (P&L, balance sheet, cash flow)
- Development of a detailed business plan
- Development of a well-founded liquidity plan
- Definition of measures for emergency aid
- Optional: definition of more in-depth optimization measures with technological focus on long-term realignment
- Integration of analysis results (incl. summary/next steps) in a report as the basis for financing discussions
- Assistance with application for KfW loans
- If necessary, support in implementing measures in the scope of a holistic, technology-driven restructuring concerning the following thematic fields:
 - Strategy & Corporate Management
 - Company & Process Organization
 - Innovation Management and Research & Development
 - Operations Management
 - Program & Project Management
